THREE HURT IN ACCIDENTS ON TUESDAY

NO HOGS WERE KILLED IN
ONE MISHAP NEAR
CLOVERDALE

Police at the Putnamville
reported Wednesday that
three traffic accidents occurred
in this community on Tuesday
resulting in property damage and
injuries to three persons.

The first wreck was in Mt.
Putnam at 12:45 p. m. Police
reported a gasoline truck, driven by
O. Allen, 47, of Whites-
burg, was going east on U. S. 40
when it crossed over at the inter-
section with the county farm
road into the path of a west-
bound 1941 Studebaker sedan
driven by Harry C. Branner, 46,
of Worthington.

Branner's wife, Helen, suffer-
ing from knee lacerations in
the crash. Their son, George, age
10, received body bruises.

Allen was arrested for making
improper turn by Trooper
George Heck, the investigating
officer.

At 3:30 p. m. a 1947 Ford dump
truck being driven by Leslie
W. Greencastle, Route 1, hit
a group of hogs one mile east of
Cloverdale on the Cemetery
road.

The official report stated that
12 or 14 hogs came out of
a ditch onto the road before
Sears could stop his truck
and the hogs were killed. They
were taken to Emmett Sutherland
of Cloverdale.

At 7 p. m., two miles north of
Cloverdale on State Highway 43
Ira T. Price, Greencastle
was injured in a rather
serious mishap.

Price was driving north on 43 in
a DeSoto, towing a 1931 Ply-
mouth. The tow bar came loose
and the Plymouth collided with a
Dodge pickup being driven
by Mr. Price.

Price was taken to the
Putnam county hospital with a
fractured arm.

Damage to the two cars was
estimated at \$1,000 each.
Troopers Matt and St. John in-
vestigated.

curred in the burning trash and
Mrs. Baker suffered painful
burns and cuts. Upon examina-
tion by Dr. Turner, it was dis-
covered there were metal pellets
in one arm, side, leg and chest
from a dynamite cap.
She was taken to the Luther-
an hospital in Fort Dodge in the
ambulance where the
pellets were removed and further
treatment administered for a
few days.
Although her condition is not
serious, her injuries are painful.

Marshal Tito Weds Student

BELGRADE, Yugoslavia, Sept.
17 (UP)—Marshal Tito was re-
vealed today to have taken a
university student less than half
his age as his third wife.

The secret emerged when invita-
tions were distributed for a
palace reception for British For-
eign Secretary Anthony Eden
Thursday night. They bore the
heading, "Marshal Josip Broz
Tito and Mrs. Jovanka Broz."

Since the war there never has
been a hostess at any such affair.
Private sources said the new
Mrs. Tito is about 25 years old.
Tito is 60.

Few details of the marriage
were available. After repeated
attempts to further identify the
Marshal's wife, the only word of-
ficially was that "Mrs. Jovanka
Broz is the Marshal's wife."

FIRE PROGRAM PLANS COMPLETE FOR NOV. 13TH.

INSPECTION AND PREVEN-
TION PROGRAM WILL BE
COUNTY-WIDE

Plans were completed for Put-
nam county's fire inspection and
fire prevention program on Nov.
13th at a luncheon at the Union
Building on Tuesday. H. R.
Sands, president of the Putnam
County Association of Insurance
Agents, presided at the meeting,
which was attended by insurance
men and civic leaders.

Robert Hubbell, president of
the Indiana State Fire Preven-
tion Association which is co-oper-
ating with the Putnam county
insurance agents in sponsoring
the program, gave a talk in
which he outlined the purpose of
the program. The speaker said
that the inspections are donated
by the ISFPA and that between
eight and ten communities are
inspected each year. On Thurs-
day, Nov. 13th, all schools and
public buildings will be inspected
and fire drills will be held in the
schools of Greencastle, Roach-
dale, Cloverdale and Bainbridge.
Boy Scouts of these communities
will accompany the 60 to 70 in-
spectors, and commercial build-
ings will be included in the pro-
gram providing permission is
given for the inspection. Several
farms in the county will be in-
cluded in the inspection with the
assistance of the Putnam County
Agent and 4-H members. The
speaker said that the cost of a
program of this type is between
\$2,500 and \$10,000 and is borne
entirely by the ISFPA.

The value of the program to
the community, as well as to
the owners of the properties in-
spected, were brought out in the
talks given by Mr. Hubbell, as well
as in the talks by Simpson Stoner,
chairman of the program, and
George F. Wilder, sec. of the
ISFPA. These men emphasized
that the inspections are volun-
tary and are definitely not a "rat-
ing inspection." However, Mr.
Stoner brought out that the cor-
rection of fire hazards pointed
out in the inspection could lead
to a reduction of fire rates for
the individual as well as lower
rates for a community.

A luncheon is being planned
for Nov. 13th, which it is hoped
will bring together business men
and civic leaders. The Boy Scouts
will be the guests of the ISFPA
at the luncheon and three of
them will receive cash awards
as a result of test on what they
have learned during the day.

Working with Mr. Stoner on
his committee will be Ernest H.
Collins and Harry Talbot, with
S. C. Sayers serving as chairman
of the farm inspection commit-
tee.

Humbert Speaks At Brownstown

The major question regarding
the Church today is not its sur-
vival, said DePaul President
Russell J. Humbert yesterday at
the First Methodist Church in
Brownstown.

Speaking to Methodist minis-
ters at the fall conference of the
Columbus district, Dr. Humbert
added, "It will survive. The more
important question is, Is it rel-
evant?"

Size has become too important,
commented the DePaul presi-
dent. "The Church begins to
count noses and brag about the
size of budgets over against a
warm heart which God can
place in the soul of the indi-
vidual."

A church to be relevant, he
continued, must have a message
central to the needs of its people,
a ministry of convictions, and a
membership which is consecrated
for the building of God's King-
dom on earth.

"This will be a demanding
church," said Dr. Humbert. But
the members will find compensa-
tion in the satisfaction of effec-
tive living.

MT. VERNON, Ind., Sept. 17—
(UP)—A workman was killed
Tuesday and another seriously
injured when a cable lift carrying
them to the top of a 110-foot high
storage tank plunged to the
ground at the Mt. Vernon Mill-
ing Co.

Shelley E. Tudor, 48, Stuttgart,
Ark., was killed. Carlton Waller,
20, Mt. Vernon, suffered broken
arms and legs and internal injur-
ies.

They were installing thermom-
eters in the grain tank when the
accident occurred.

Yank Jet Ace Bags MIG No. 8

SEOUL, Korea, Sept. 17—
(UP)—The leading United Na-
tions jet ace in Korea shot down
his eighth Communist MIG-15 jet
today as allied air power increas-
ed its efforts to make September
a month the Reds will never for-
get.

Maj. Frederick C. Blesse of
Richmond, Va., destroyed one of
the Russian-built fighters to
bring his total to eight MIGs and
one propeller-driven fighter de-
stroyed and three MIGs damag-
ed. His score is the second high-
est of the Korean war.

Blesse's victory today brought
the Sabrejets' toll for this month
to 46 MIGs shot down, three
MIGs probably destroyed and 38
damaged. The previous monthly
destruction record was last
April, when 41 MIGs were shot
down.

The Virginia officer got his
eighth MIG in an aerial duel be-
tween four Sabres and nine MIGs
in the Sakchu area. The Sabres
sighted about 50 MIGs today,
but most of them avoided battle.

Spread Of Polio Bans Ike Talk

WARRENSBURG, Mo., Sept.
17—(UP)—A whistle-stop ap-
pearance by Dwight D. Eisen-
hower, Republican presidential
nominee, was called off today
after Mayor Harry R. Garrison
banned all public gatherings in
an effort to halt the spread of
polio here.

At the same time, Lt. Gov.
James T. Blair ordered state
health officials to investigate the
local polio epidemic. Fifteen
cases have been recorded since
Aug. 6. Three victims have died.

Garrison's proclamation ban-
ning public meetings followed
the closing of schools in War-
rensburg and nearby Leeton, Mo.,
persons under 18 have been bar-
ried from movies, churches and
other public gatherings.

The family of Jay H. Buente,
a druggist, has been particularly
hard hit. All three of his chil-
dren have been hospitalized. One
of them, Jamie Buente, 18
months, died Sunday.

Local physicians connected the
Warrensburg outbreak with a
faulty sewage disposal system.
It was understood state authori-
ties would investigate the sys-
tem.

Eisenhower had been schedul-
ed to appear here late today.

POLIO CASES ON INCREASE OVER INDIANA

107 NEW CASES REPORTED
IN STATE, HOOSIER
TOTAL NOW 619

INDIANAPOLIS, Sept. 17—
(INS)—The Indiana State Board
of Health today announced 107
new cases of polio were reported
last week, bringing the total for
1952 so far to 619 cases.

Dr. Albert Marshall, head of
the Board's Department of Com-
municable Diseases, said 16
deaths have resulted so far this
year. These figures compared
with 201 cases and 14 deaths last
year, 223 and 15, in 1950, and
820 and 70 in the 1949 epidemic
year.

A lowering of the percentage
of fatal cases of polio was at-
tributed to earlier diagnosis,
more prompt treatment and good
care, despite a continued short-
age of nurses for the hospitals.

Marshall said polio ordinarily
claims eight to 10 per cent of the
lives it strikes. The death rate
this year is down to approxi-
mately 2.6 per cent compared to
8.5 per cent toll during the same
period in 1949.

He also said past experience
indicates Indiana has passed the
peak of the polio season and the
number of cases reported week-
ly should decline from now on.

EXTRA

WASHINGTON, Sept. 17 —
(UP)—Dwight D. Eisenhower
made an apparently doomed bid
for AFL support today while
Gov. Adlai E. Stevenson planned
a trip to Wisconsin for a shot
at Sen. Joseph R. McCarthy.

The Republican presidential
nominee included his proposals
for changing the controversial
Taft-Hartley law in a speech to
the AFL convention in New
York. However, the giant labor
organization is considered a cinch
to endorse Stevenson.

Gen. Eisenhower told the Fed-
eration he favors amendment but
not repeal of the controversial
Taft-Hartley law.

The Republican presidential
candidate did not specify in de-
tail the amendments he would
favor.

But he said he knows the pres-
ent law "might be used to break
unions" and said, "that must be
changed."

He also said the law's require-
ment of non-Communist oaths
from union leaders should be
made also on employers.

On the other hand, Eisenhower
listed some of the principles he
feels must be retained.

CINCINNATI, O., Sept. 17—
(UP)—Sen. Robert A. Taft be-
gan a 19-state, coast-to-coast
stumping tour today to tell vot-
ers why he believes they should
send Dwight D. Eisenhower to
the White House.

Followers of Taft expected to
hear the Ohio Senator, who wan-
ted so badly to be president, give
the same kind of fiery speeches

Local Team In National Meet

Greencastle high school will
again be represented at the Na-
tional Dairy Judging Contest,
where last year they were national
champions. The contest this
year will be held in Richmond,
Va., on Sept. 22nd, and Gene Ak-
ers has high hopes that Green-
castle and Putnam County will
again receive national recogni-
tion when the winning teams are
announced.

The four members of the team,
which will leave on Friday with
Mr. Akers for the Virginia city,
are Eddie Strain, Ed Barr, Nor-

a state competition this year.
They hope to uphold the national
onor given the 1951 Greencastle
high school team composed of
Jordan Whitman, Kenneth Torr,
Jim Webb and Eddie Strain.

Instrumental in enabling the
team to make the trip were W.
J. Singleton, farm representa-
tive of the First-Citizens Bank
and Trust Co., and J. W. Mc-
Elroy, farm representative of the
Central National Bank, who per-
sonally contacted local concerns
to raise the funds to defray the
expenses of the trip.

Mr. McElroy and Mr. Single-
ton raised a total of \$205.00 from
the following concerns: Central
National Bank, First Citizens
Bank and Trust Co., Putnam

KOREAN RAIL TRAGEDY KILLS 17 CHILDREN

200 OTHERS INJURED WHEN
ENGINE BLOWS UP ON
TRESTLE

ORYU, Korea, Sept. 17. (UP)—
Seventeen Korean children
were killed and at least 200
others injured today when a lo-
comotive blew up and derailed
three coaches on a railway
trestle.

The train was carrying 400 to
500 passengers, most of them
children going from the west
coast port of Inchon to schools
in Seoul.

While the train was crossing a
trestle near Oryu, the locomotive
boiler exploded, twisting the
three cars off the tracks. One
coach crashed into a parallel
span, spracked open and threw
passengers into a pond 40 feet
below. Another coach toppled
on its side and also broke open.

U. S. army doctors sped to the
scene in 25 ambulances and per-
formed 10 emergency amputa-
tions to free passengers trapped
in the twisted wood and steel.
Koreans and UN soldiers watch-
ed in horror.

The screams of an 18-year old
girl silenced the crowd as a
blood-spattered American doctor
worked for 20 minutes to ampu-
tate her right arm. She was the
last living passenger removed
from the wreckage.

Still inside the twisted mass
hanging over the trestle were
five bodies. Army engineers be-
gan removing them with blow
torches and hacksaws.

Only two bodies were visible.
Directly underneath the bridge
were the head and legs of a
schoolboy dangling over the wa-
ter and rescue workers could see
the bloody arms of a little girl
planned in the wreckage.

Mothers who hurried to the
scene from nearby Inchon went
from stretcher to stretcher in
search of their children. School-
books and jackets were piled up
neatly beside the tracks.

British troops from a nearby
warehouse were first at the
scene.

"Pieces of jet black stuff flew
through the air into our com-
pound," said Sgt. T. S. Nixon of
Midlands, England. "I'd rather

Eight Killed By Texas Train

AUSTIN, Tex., Sept. 17—(UP)—
Authorities tried today to ver-
ify the identities of eight persons
who were killed late last night
when their automobile was
struck by a freight train.

Justice of the Peace Robin For-
rester made tentative identifica-
tions of all eight on the basis of
papers found in the car and the
clothing of the victims, but said
today he was not certain that
all eight were correct.

It appeared that six of the vic-
tims were members of the same
family. Another was a soldier
stationed at Fort Hood, Tex., and
the eighth was a teen-age youth
from San Angelo, Tex.

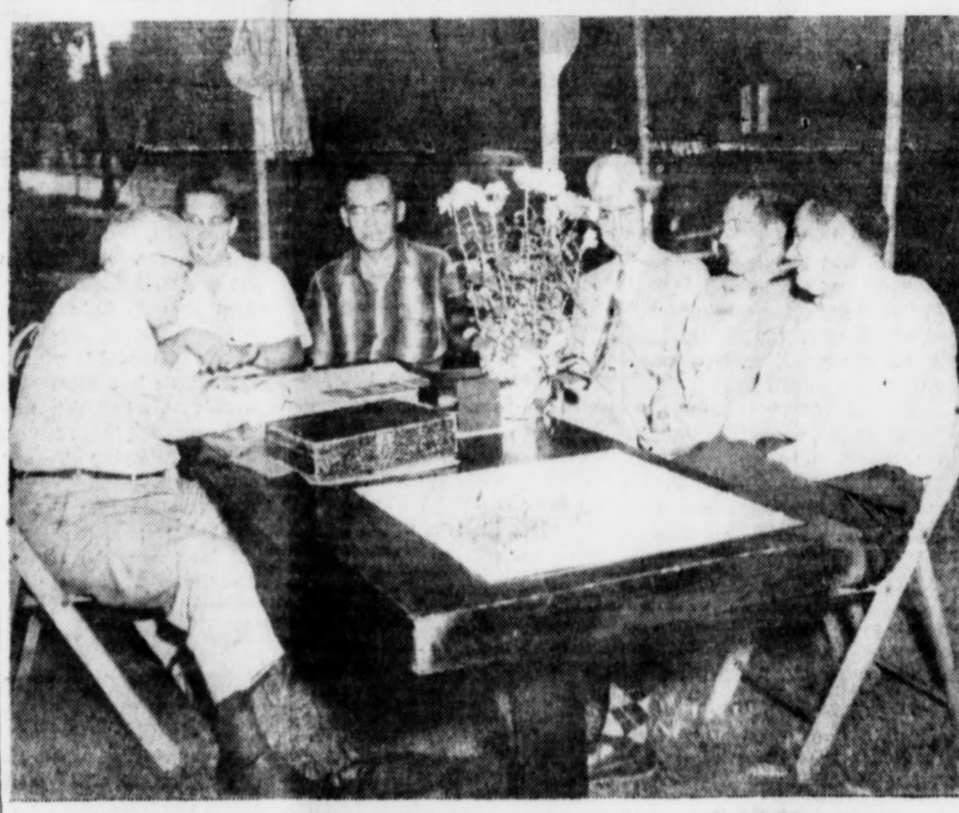

Highway Patrolman B. J.
Gunn said the car, a 1939 Chev-
rolet, was knocked about 125 feet
by the crash. It was overturned.
The engine was 100 feet from the
battered and twisted wreckage.

The bodies were scattered over
60-foot area on both sides of the
roadway right-of-way.

12,743 Ballots Will Be Needed

INDIANAPOLIS, Sept. 17.—Ballots in the November 4 General Election, totaling 12,743 would be a "reasonable minimum" goal for citizens of Putnam county, the Indiana State Chamber of Commerce estimated today on a basis of the county's past voting record. The 1952 voting "goal" would represent 2780 more votes than were cast in the most recent Presidential-year election, in 1948, when an estimated 67.12 per cent of the voting-age group went to the polls in the county.

The minimum voting goal for 1952 was estimated by applying the percentage of persons of voting age who went to the polls in 1940 (the highest percentage in recent elections) to the 1950 vot-

ing-age population as revealed by the U. S. Census. In this county, 85.85 per cent of persons of voting age cast ballots in 1940, and the 1950 census shows 14,843 persons in the county 21 years old and over. There were 13,862 persons in that age group in 1940.

In the state as a whole, the State Chamber said, if Indiana equals the record of 79.75 per cent of voting-age persons going to the polls in 1940, the total vote in 1952 will be 2,038,782 or 23 per cent higher than the total vote of 1,656,214 in 1948. Less than 65 per cent of Hoosiers of voting age cast ballots in 1948, and Indiana ranked eleventh among her states in percentage of voting that year.

Records show, the State Chamber said, that Putnam county gave the Republican candidate for President a vote in 1948 of 5072 to his Democrat op-

ponent's 4818. The Democrat candidate for Governor won over his opponent by 5407 to 4508.

URGE SPECIAL TAX

GREENSBURG, Ind., Sept. 17.—(INS)—The Indiana Association of County Commissioners today urged enactment of a weight-distance tax on heavy trucks as part of a program to raise \$520,000,000 in highway revenues during the next 10 years.

The Commissioners said similar levies are now in force in three other states. They figure the tax would bring in \$20,000,000 a year and help make heavy trucks pay their way on Hoosier highways.

According to the report Indiana motorist pays, in fuel taxes and vehicle registration fees, some 23 cents per 100-ton-miles of road used while the owner of a 29-ton trailer-truck can get

the same use for nine cents. On the other hand, the association said 4,500-pound panel and pickup trucks are taxed at the rate of almost 28 cents per 100 ton-miles of road use.

Seek Motive In Shooting Spree

HOUSTON, Tex., Sept. 17.—(UP)—Police today sought the reason for a wild shooting spree in a tavern last night by a 68-year-old Houston man who killed two of his friends, wounded three others and then shot himself to death.

George Cordory "apparently had been brooding over family troubles," police said. He went berserk in a small tavern he once owned.

After a .45 caliber automatic pistol slipped from his pocket and clattered to the floor, he picked it up and began firing. Most of the bar's patrons were clustered around a shuffleboard. Each of five bullets in his gun found a mark.

He snapped the trigger at two other terrified customers, but he was out of ammunition.

Two of the three wounded persons were in critical condition today in Houston hospitals.

Killed were Elmer L. McFarland, 30, and John H. Millon, 33. In critical condition were Lester Miller, 41, who bought the tavern from Cordory last May, and Sgt. Walter B. Gay, 28, W. D. Hulse, 61, received a minor arm wound. Cordory walked home after firing the five shots. Capt. J. D. Walter of the sheriff's office said officers believed Cordory intended to kill his wife, Mamie.

But Mrs. Miller, wife of one of the tavern victims, telephoned Mrs. Cordory from the blood-spattered bar and warned her. Mrs. Cordory ran into her back yard.

When Cordory arrived home, Walter said, he put three more shells into his gun and fired one shot into his forehead as he sat on the edge of his bed.

He died three hours later in Pasadena Hospital.

CROP ROTATION

GREENFIELD, Ind., Sept. 16.—(INS)—Carl H. Weber, farmer of near Greenfield, is experimenting with crop rotation of wheat following soybeans.

The wheat was sown by aircraft in a field having a stand of soybeans. Weber said that in the past it has been impossible to obtain this type of rotation because by the time the soybean crop is harvested it is too late to sow the wheat for fall germination.

The plane, a war surplus "Stierman" trainer, was flown by Ned Smith, of near Marion. The ship has been converted to a crop plane by changing the seating arrangement to one place, using the front seat area as a grain hopper.

The seed, broadcast by a special device attached to the bottom of the plane, covered 13 soybean rows each trip over the field. The craft carried 15 bushels of wheat seed each trip, making about one one trip every ten minutes. The plane passed the length of the field three times with each load, covering 39 soybean rows, about 100 feet width.

this is
our
fiftieth year

— it doesn't seem that long!

An old friend of ours was in the office the other day remarking about our business being fifty years old. "Yes, but it doesn't seem that long", said Horace Link, our founder.

The Spanish American War was scarcely over when our business was started. It has gone through two others and into a fourth, if the Korean conflict is considered. There have been bad business times and good ones, too. And, enough time has gone by that grandchildren of some of our first customers are trading with us today.

In 1902 Horace Link began his store with Christopher Link, a cousin, as his partner. Shortly afterwards this cousin sold his interest to J. C. Brown, another cousin of Horace, who retained his interest until 1920 when Paxson Link and Dick Link, Horace's sons, purchased it. Since then the business has extended to include furniture stores at Paris and Greencastle and carbonated beverage plants at Nashville, Tennessee, Houston, Texas, and Charlotte, North Carolina, the last operated by James C. Link, the grandson of Horace Link.

Our first associates are shown above. They were Kathryn Brown, who lives in Paris, known and loved by many; John Hanks, deceased, whose grandchildren and great-grandchildren live in the Paris community now; Lee Bryan, who was born and reared near Greencastle and lived there many years after this picture was taken. The tall, thin, colorless, mustached individual was Horace Link at thirty-four. The occasion of the picture was the erection of a small addition to the Store—small in size but important to the new business because it meant progress in the very first few months of ownership.

The other picture is of Paxson, 5, and Dick, 2, sons of Horace, and the proudly owned first delivery equipment with Jerry and Dick, two friendly and dependable helpers.

Milton Perisho, now living in Paris, Frank Church, deceased, John Denton, deceased, were other early associates at Paris.

Willard Sunkel of Greencastle, Cletis E. Luther of Nashville, Tennessee, now partners in the firm, Ralph Drake, and Arlington Richeson, were with us twenty-five years and more.

Willard Sunkel has always headed the Greencastle organization which included through the last twenty-two years R. N. Cox, Meda Long, Venard Walker, Amos Brown, Howard Brown, Paul Black, John Andrews, Marge Andrews, Edmo Allee Bannister, Pearl Allee Harris, Ruby Moore, Noble Hurst, Phillip Bibb, Paul Giddings, Ben Dean, Juliette Hardwick, Mildred Boyd Triplett, Andrew Pittman, Marion O'Neal, Bert Huber, Harry McClain, Mabel Keller, Dorothy Keller, Frances Hendrich Harris, Freda Steigmiller Zapp, Mary Seabee, Austin Stewart, Helen Pierce, Elizabeth Rogers Barnhart, Dick Sunkel, Art Sunkel, Mark Hubble, Morris Bitzer, Roy Craver, Earl Wood, George York, Dwayne Whitaker, Gilbert Christenberry, Jerry Monnett, Robert Pingleton, Willard Miller, Gaylord Masten, Donald Shears, Ronald Vanlandingham, Betty Giddings, Ruth Raines, Maurice Campbell, Marge Wallring Phillips, Jack Yocum, Austin Dillinger, Gordon Routh, James Humphrey, Elzie Stroud, Donald Graves, Clyde Higgins, and others.

Russell Mapes, manager of the Paris Store, Harry R. Brown, our comptroller, Floyd Gilbert, Ruth Cloe, Ab Barth, Cecilia Woodbridge, Allen Parrish, Jerry Bennett, Walter Mason, Harry Sangwin, Charlie Russell, Monty Wright, William Johnson, Ruth North, Dorothy Horn, Ruth Wright, Taylor Riggins, C. V. Riggs, Marshall Moody, Freda Monroe Thompson, Doris Raines Ewing, Mary Fontana, Ruth Templeton Spear, Alta Rhoads Mercer, Mary Louise Richeson Francis, Steve Blair, Tom Anderson, Basil Blaker, Oren Wade, Floyd Wilson, Albert Mercer, Oren Hooker, Howard Brown, Beecher Foley, Waldo Cotterman, John Thiel, Archie Maple, Dell Shanks, Walter Davis, Euclid Boyer, Ray Delap, Kermit Mace, Mildred Buckmiller Stolz, Nadine Brown Babcock, Maxine VanGilder, Floyd Craig, Bert Reed, Cecil Tharp, Earl Hunter, William Graham, Fay Taflinger, Hazel Keyes O'Hair, Vida Wright Safford, Pink Brinkerhoff, Floyd Gaumer, Albert Moore, Jack Roberts, William Gale, Walter Henson, Dale Henson, Freda Sidenbender, Elizabeth Bandy, Anna Stewart, Elizabeth Ludington, Harry O'Betz, James Evans, Albert Collier, John Twigg, Charles Idleman, Mary Rose Kenney, Herbert Kile, Donald Hiatt, and others were and are loyal associates of long periods at Paris. C. L. Mathews is our partner at Houston, Texas.

Yes, fifty years—a half century; but when you think back about these loyal folk it doesn't seem that long.
